Dear Mrs. Ann:

This letter shall confirm that our office acknowledges that a section of the gum branch stream which lies inside the corporate limits of Dickson has been added to the 303d listed impaired stream list. I have downloaded a copy of the 2010 report for our files in our designated work area for our stormwater projects.

Sincerely,

Phase II Stormwater Permit Notice of Intent (NOI)
Phase II Municipal Separate Storm Sewer Systems (MS4)

You must review ordinances that are associated with stormwater discharges to your MS4. Attach a copy of ordinances that give your MS4 the authority to control stormwater discharges into the MS4 storm sewer system. Ordinances that deal with stormwater issues might be found, for example, in conjunction with litter control, prohibition of dumping, clean up of spills, grading/building permits, sewer connection ordinances, erosion and sediment practices, subdivision regulations or other land use/development ordinances.
